## Samsung Galaxy apps

# Download your Samsung Galaxy Apps now.

## Get the most out of your smartphone.

### Did you know?

When you purchase a Samsung device you gain access to a range of value-added options and apps, designed exclusively for Samsung users. From free Wi-Fi with AlwaysOn to a loyalty program just for Samsung owners, your device now unlocks a world of functionality and rewards.

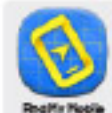

### Did you know?

With Samsung's ADH Premium\* you get your screen fixed for free. You'll also receive a free pick up and delivery service as well as the use of a loan device.

**Download ADH Premium from Google Play store. Terms and conditions apply. Scope of ADH may vary by device. Not all devices covered by ADH.**

### Did you know?

You can locate your device remotely via Find My Mobile if you have misplaced it\*. Find My Mobile allows you to lock your phone screen with a password or erase your phone remotely to prevent your data from getting into the wrong hands\*. Activate this service by adding a Samsung Account on your mobile device.

**\*Terms and Conditions apply. Find My Mobile only works if the phone is switched on and has an active internet connection.**

### Did you know?

Samsung devices bought from April 2010 qualify for 1GB free AlwaysOn Wi-Fi data. However, if you have a Galaxy Note 4, Note 5, S6, S6 edge and S6 edge+ you receive 2GB Wi-Fi data

**Download the AlwaysOn Samsung app from Google Play store to register.**

### Did you know?

Samsung Rewards lets you earn points by downloading apps, completing surveys and sharing the app with friends. Your points can be burnt on competition tickets, vouchers, airtime, data and Samsung accessories. It's our way of thanking you for being a Samsung customer.

**Download Samsung Rewards from Google Play to register. Terms and Conditions apply. Samsung Rewards available on selected models.**

The Galaxy Note series has offered many useful features. The substantial screen size and practical S Pen have been among the most celebrated features of the series. The Galaxy Note series has offered an immersive viewing experience with its vivid, large display, and the S Pen has allowed users to write more naturally on the screen so that every word you write actually looks like your own handwriting. Now, the Galaxy Note series just got better.
